WHY "39 WISHES"

Where Highway 39 meets the river, and your wishes come true

The property sits right off Texas Highway 39 along the Guadalupe, and we wish you the best vacation — that's where the name comes from. This land has been in our family for three generations. My great uncle BJ Sublett and his wife Effie built the main house in 1931, and the room that is now the Guest Kitchenette belonged to their daughter Audrey. We still call it Audrey's Room.

We have worked hard to build out the Guest Kitchenette with you in mind. The room has a comfortable king sized bed, a kitchenette, a walk-in tiled shower and a private patio overlooking the river.

**LIGHTS**

The bedroom and patio lights can be controlled by Alexa or the switches by the door.

AIR CONDITIONER

The remote is on the wall between the bathroom door and the front door. Air conditioner instructions are included in this book.

BATHROOM AIRFLOW

Please leave the bathroom door open when not in use so cool air can flow into the bathroom.

DEHUMIDIFIER

We keep a dehumidifier in the bathroom year round to help keep the room feeling comfortable. If the noise bothers you, feel free to turn it off.

SETTLE IN

Tips for a more comfortable stay

1

DOORS

Keeping the exterior doors closed as much as possible will help keep the room cool and prevent the air conditioner from freezing up.

At night, flying insects are attracted to the lights in the room. Turn off the lights before entering the room — you can tell Alexa to turn off the lights.

3

BATHROOM DOOR

The bathroom is not directly air conditioned. It is best to keep the bathroom door open when not in use so air can flow in and keep it comfortable.

4

FRESH TOWELS

If you need fresh towels, let your hosts know via the app. Then place your used towels on the bench on the patio, and we will swap them out for fresh ones.

5

HAVE FUN

Have a wonderful time. You are our guests and we want you to enjoy your stay.
